

**SURVEYOR ADVANCED 2
STATEWIDE
JOB ANNOUNCEMENT CODE: 06-02494**

Would you like a “bird’s eye view” of Wisconsin’s beautiful landscape? Join WisDOT as a surveyor using your surveying skills in metro, urban, and rural areas. This recruitment will be used to fill vacancies as they occur in Madison, Wisconsin Rapids, Rhinelander, Eau Claire, Superior, Waukesha, LaCrosse, and Green Bay.

Salary: Starting pay is \$45,761 annually plus excellent benefits! A six-month probationary period is required. This position is schedule 14, range 06. This position is included in the State Engineering Association Bargaining Unit (SEA).

Special Notes: The employee must have or be able to obtain a valid Wisconsin driver’s license, to work extended hours in excess of 8 hours per day and/or 40 hours per week outside in all types of weather, and to travel in-state and stay overnight. The employee must have manual dexterity of both hands and arms, be capable of lifting 50 pounds and be able to carry equipment while walking long distances over rough, irregular terrain. Well-qualified candidates will have applicable survey experience OR a two-year degree in Civil Technology OR current registration as a Land Surveyor with the State of Wisconsin Regulation and Licensing.

Job Duties: Positions perform a wide range of surveying activities such as: identifying appropriate mapping/survey needs for project requests; interpreting roadway plans, plats, legal survey documents, flight design and other maps, automated map design, layout standards and mapping requirements; converting, computing and adjusting engineering data between horizontal datums, vertical datums, and coordinate systems using CAiCE, SDMS, WISCON, and/or other software; establishing control points; scheduling and assigning field crews’ work assignments to provide engineering data to meet program/project schedules. The position reviews consultant survey time and cost estimates with project managers; advises appropriate staff of time/effort necessary for the required survey work; interfaces with all Region sections regarding engineering data collection, computation problem resolution, and standard setting; provides guidance to the survey crews on procedures for geodetic control for the transportation improvement projects; and, develops best practices for the survey crews to increase productivity and compatibility with office systems.

Knowledge, Skills, & Abilities: Analytical math skills to include geometry and trigonometry; mapping knowledge (i.e. establish control points for alignments, coordinate systems, datums, units, digital mapping, and plan standards pertaining to surveying); knowledge of geodetic engineering principles and practices; U.S. Public Land Survey system; GPS equipment and application; and, geographic information system technology. Ability to problem solve; maintain positive public relations with property owners, the general public, local officials and county surveyors, state and federal agencies and Department/Division staff; function as a team contributor and mentor; and, exercise independent judgment.

Deadline to Apply: The application materials must be received in our office by Wednesday, August 30th at 4:30 p.m.

Contact Information: Questions may be directed to Jane Hinline at (608) 266-7321 or at jane.hinline@dot.state.wi.us.

Dear Applicant:

Thank you for your interest in the Surveyor Advanced 2 positions, Job Announcement Code: 06-02494, within our Division of Transportation System Development. There are eight transportation offices located in Madison, LaCrosse, Waukesha, Rhineland, Eau Claire, Superior, Green Bay and Wisconsin Rapids. The register created from this recruitment will be used to fill any vacancies as they may occur in the next six to twelve months and possibly longer.

The first step in the selection process will be an evaluation of your training and experience by a panel of experts who are knowledgeable of the requirements for the position. For this evaluation, you will need to complete the attached examination. The examination has been designed to obtain specific, factual information about the aspects of your training and experience which are particularly important to this position.

The evaluation of your qualifications for this position will be based solely on your response to the exam. The evaluation panel will NOT have access to your state application form or any other materials you may submit with your application. For this reason, it is particularly important to respond as fully as you can to each of the areas identified in the exam. You will want to include as much information as possible about your pertinent training and job experience when responding to the three questions enclosed. After the evaluation of all questionnaires, those candidates who appear most qualified for the position will be invited to participate in the next step of the selection process.

You may return the application materials by email, mail, or fax. Please complete the Certified Statement on Page 2, employment interest areas on Page 3, the responses to the three questions, the Application for State Employment - OSER-DMRS-38 (attached), and Veterans Preference Supplement form at <http://oser.state.wi.us/docview.asp?docid=1240> (if applicable).

PLEASE NOTE: If you send the files electronically, make sure to provide the state application, the veteran's form, and instruction sheet that requires your signature in a **pdf format** (scan documents or use on-line forms). Your response to the exam can be sent in a Word document or scanned like the other documents. Return the application materials electronically to lynn.acker@dot.state.wi.us. **OR** Mail the hard copy application materials to Lynn Acker; DOT Bureau of Human Resource Services, Room 410; P.O. Box 7915; Madison, WI 53707-7915 **OR** fax materials to (608) 264-9972, Attn: Lynn Acker. All application materials must be received by **August 30, 2006 at 4:30 p.m.** Late materials will not be accepted as they would delay the scoring process. If you have any questions, please feel free to call me at (608) 266-7321 or e-mail me at jane.hineline@dot.state.wi.us.

Sincerely,

Jane Hineline

SURVEYOR ADVANCED 2 EXAMINATION

The following examination contains three (3) questions addressing the areas of training and communication; leading, directing and/or monitoring work activities; and survey and plan interpretation. Please consider your past training and experiences when responding to the examination questions. If you are describing training or coursework, be sure to include relevant coursework and how it relates to the specific areas mentioned.

Question 1 – Communication and Training

This position requires interaction with a variety of departmental staff, consultants, contractors, county surveyors, utility companies, Federal and State agencies, and/or the general public. The position provides guidance, policy interpretation, and is involved in resolving conflicts regarding construction activities that disturb monumentation as well as coordinating Department geodetic efforts with these outside entities. Acting as a Regional Survey Coordinator, guidance is provided in all aspects of the Region's engineering survey data collection, aerial mapping, GPS (Global Positioning System) surveys, data computation activities, and construction survey activities. Additionally, this position trains staff on survey hardware and software. Skills in the area of public policies and procedures, presentations, and formal trainings are necessary.

Describe your work experience with activities in which you were required to use effective oral and written communication techniques as it relates to interpersonal communications, presentations, and trainings.

In responding, for each experience explain:

- Your job title, duties related to communication and dates of when you performed these duties
- The individuals and/or groups with whom you communicated and the frequency of the contact, and any difficulties or complexities impacting the discussion/situation
- The purpose of your communication (i.e. to exchange information; presentations, training; provide research results; defend decisions or policies; negotiate agreements, etc.). Be specific about the subject of each example presented, and;
- The training/guidance methods and/or processes (i.e. procedures, research, policy documents) you used to effectively communicate with the other party(ies)

LIMIT YOUR RESPONSES TO SIX DOUBLE SPACED TYPED PAGES FOR THE ENTIRE EXAM

**Your score will only be based on the maximum pages allowed.
Information provided in a format other than double-spaced, 11-point font, and
exceeding the six (6) maximum pages allowed will not be scored.**

Question #2 – Leading, Directing and/or Monitoring the Activities of Others

This position advises and provides guidance to the survey staff with the responsibility of scheduling, coordinating, prioritizing and guiding their activities. Functioning as a Regional Survey Coordinator, responsibilities include overseeing all survey and computation activities for the region with multiple survey teams which involves directing the daily work activities of design survey crews within the region, engineering survey data gathering, consistently applying discretion and judgment in the setting of daily work assignments, reviewing work, and providing technical guidance.

This includes broad leadership responsibility to coordinate resources and develop staff; apply appropriate technical expertise in decision-making; and determine ways of accomplishing mission-critical objectives.

Describe your experience and training in leadwork, team or project leadership.
In responding, include:

- Your job title, dates of employment, type of business or organization
- A list of the type (i.e. professional, technical, support) and numbers of individuals supervised or led
- A description of your experiences in managing work teams including coordinating the work of others
- A description of how you established work activities and goals and monitored the performance of these activities, and;
- A description of the functions or responsibilities of the work unit you led

LIMIT YOUR RESPONSES TO SIX DOUBLE SPACED TYPED PAGES FOR THE ENTIRE EXAM

**Your score will only be based on the maximum pages allowed.
Information provided in a format other than double-spaced, 11-point font, and
exceeding the six (6) maximum pages allowed will not be scored.**

Question #3 – Survey and Plan Document Interpretation

This position is responsible for reviewing survey requests and work plans to identify appropriate mapping/survey needs for a transportation project (i.e. structures, reconstruction, resurfacing, corridor studies, and completed projects for as-built conditions). Additionally, the position will be involved in researching survey data from external agencies such as Register of Deeds, county surveyors, and other governmental agencies to determine right-of-way monumentation. The position responsibilities include construction estimates, and final pay purposes for construction contracts. The job duties also include interpreting roadway plans, plats, and legal survey documents, flight design, automated map design, layout standards and mapping requirements.

Describe your training and experience as it relates to survey and plan documents. In your response be sure to detail the following information for up to three (3) survey assignments:

- Your role and responsibility (i.e. supervisory, technical or support) for the duties you performed
- Type of survey work done (i.e. highway plat, utility plat, topography, structure, cross-sectioning, drainage, leveling, bench runs, section corners, etc.)
- Location of surveying conducted, (i.e. highway, field, city, sub-division, etc.)
- List obstacles and/or challenges you overcame to complete the work
- Type of documents reviewed and/or prepared (i.e. plans, plats, and legal survey documents, flight design, etc.)
- Plat preparation activities and specific software used in preparing drawings/plats
- Your experience in planning, designing, and accountability of the survey assignment including any special needs of the project and how they were met, and;
- Your experience in transferring data, processing/adjusting data, post processing Global Positioning System (GPS) data, quality control, preparing Digital Terrain Models (DTMs) and exporting data so it may be used by others. List the software used.

LIMIT YOUR RESPONSES TO SIX DOUBLE SPACED TYPED PAGES FOR THE ENTIRE EXAM

**Your score will only be based on the maximum pages allowed.
Information provided in a format other than double-spaced, 11-point font, and
exceeding the six (6) maximum pages allowed will not be scored.**
